

TAKE A SUPERHERO SNAP!

1. Cut out the mask, the eye holes and the holes to attach some string or elastic following the black lines (you can ask a grown-up to help you do this!)
2. Decorate your mask - how it looks is up to you!
3. Attach some string, elastic or colourful ribbon to your mask so you're able to wear it.

4. Take your #SuperheroSNAP!

Make sure to bring your mask with you to the SNAPS Superhero Zoom!

Want to make more masks? Visit www.snapsyorkshire.org/zoom to download and print yours!
