Scout's 100 Memories

Family Adventure Pack

Welcome to

Scout's 100 Memories

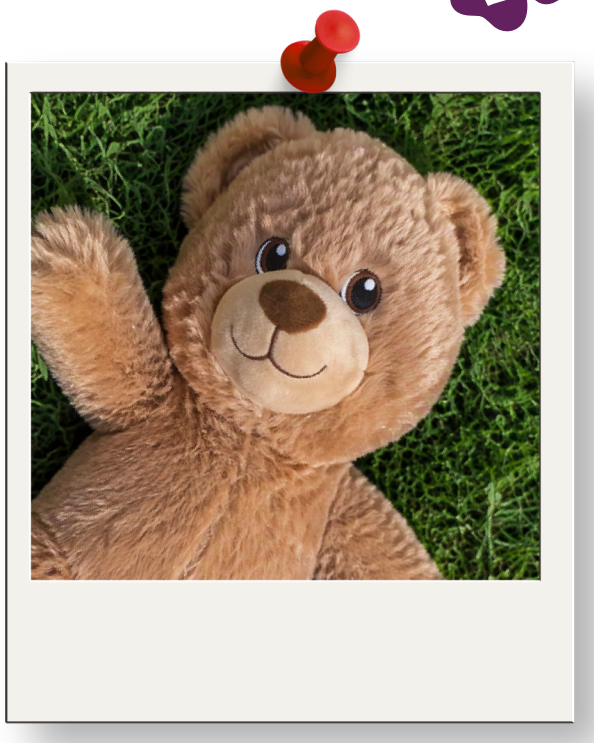

Scout is so excited to be spending time with your family!

He's on a mission to collect 100 memories from SNAPS families, and we'd love your help.

Whether Scout joins you for a movie night, a day out, a favourite hobby or something completely unexpected, every memory counts. We'd love to share some of Scout's adventures along the way, helping to tell his story and celebrate our amazing SNAPS community.

Inside this pack you'll find lots of ideas, but they're only suggestions. The best memories are the ones that are special to your family.

Have fun and enjoy your adventure with Scout!

Sharing Scout's Memories

Help Scout reach 100 memories!

At the end of your time together, please choose your favourite memories to share with us. You could include any of the following:

- Your favourite photographs
- A short video
- A drawing or something you created
- A few words about what Scout did
- A funny or special moment
- Someone interesting Scout met

Ready to share your memories?

Scan the QR code to tell us about Scout's adventures and confirm you're happy for us to share your memories.

You can then send your photos, videos or artwork to: Scout@snapsyorkshire.org

Sharing Scout's Memories

Photos and permissions

By choosing to take Scout home, take part in Scout's 100 Memories and submit memories to SNAPS, you are agreeing that the photos, videos, drawings and stories you share with us may be used by SNAPS.

This may include:

✅ SNAPS social media channels
✅ Scout's Instagram account
✅ The SNAPS website
✅ Newsletters and promotional materials

A Few Things to Remember

When taking photos and submitting memories, please keep the following in mind:

- Only include people who are happy to be photographed.
- Avoid sharing home addresses or other private information.
- Keep photographs suitable for a family audience.
- Ask an organisation before photographing Scout inside its premises or identifying staff.
- Please send your memories to us first rather than sharing them on social media. This helps us keep track of Scout's journey and make sure we have the right permissions in place before anything is shared.

Before
Scout Moves On

Time to say goodbye...thank you for giving Scout more lovely memories!

Before returning Scout, please:

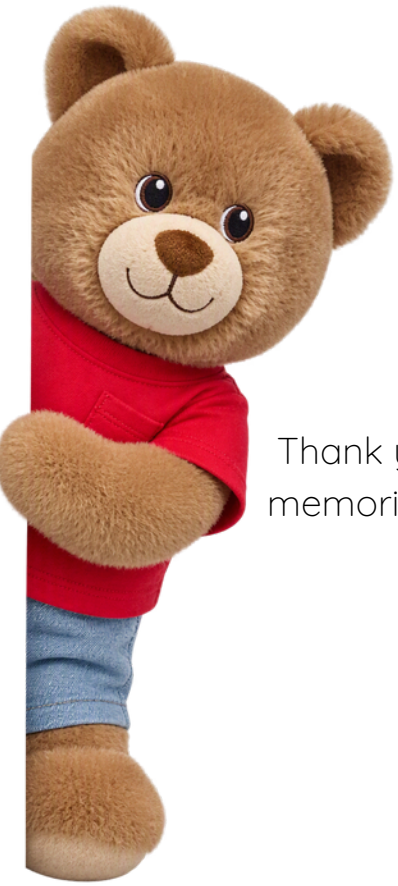

✅ Send your favourite memories to SNAPS
✅ Check that Scout has all of their belongings
✅ Return Scout to a member of the SNAPS team at the agreed session
✅ Collect a small thank-you for your child to remember their time together

You can continue following Scout's adventures on Instagram and Facebook, and see the memories he collects with other SNAPS families.

Thank you for looking after me and helping me collect more special memories. Now it's time for me to visit another SNAPS family, but you can keep following my journey to see what I do next!

Questions you might have

How long can Scout stay with us?
Scout will usually stay with your family for around one week, or for another agreed period. We'll agree Scout's return date with you when you take Scout home.

What if we need a little longer?
No problem. Just let a member of the SNAPS team know.

Do we have to do everything on Scout's ideas lists?
Not at all! They're just there for inspiration. Choose whatever works for your family, or come up with completely different ideas of your own.

Do we have to go anywhere special?
Absolutely not! A movie night, bedtime story or favourite game can make just as lovely a memory as a day out.

What if Scout or one of his belongings gets lost or damaged?
Don't worry - just let the SNAPS team know as soon as you can and we'll sort it.

Do we need to post our adventures on our own social media?
No. Please send your favourite memories to SNAPS first, so we can make sure we have the right permissions in place and keep track of Scout's story. Once we've shared your memories, you're very welcome to share or repost them on your own social media too!

How many memories should we send?
We suggest choosing up to three favourite memories from your time with Scout, but if you really can't choose, you're welcome to send us a few more!

What if my child gets attached to Scout?
We completely understand. It can help to remind them that Scout has lots more SNAPS families to visit and needs to continue his journey to collect his 100 memories.

When it's time to say goodbye, your child will receive a little Scout's Friend thank-you to remember the time they spent together. You can also keep following Scout's adventures online and see what he gets up to next.
